Sorry, I don't --- I thought it might be an embedded file, but it looks like it isn't. ☹

Yes pg 9. More specifically, I'm wondering if you have a copy of the source file.

Subject: Implementation at a Glance Chart

Do you happen to have the May 2016 file for the image below? The chart that's on b.net reflects a July 2015 version, but the PRP version dates May 2016.. It's another item on b.net that needs to be updated. If not, no worries I'll ask Ash if he has it.
